It is therefore, a point for consideration whether the post of Professor of Chemistry, which, owing to a short duration is likely to be permanent, or the decision of the question of the retirement of Dr Sanjiva Rao, may not be advertised as required by Govt. Orders 28/12/43 & the resolution of the University Council to appoint Mr Venkatanarasimhachar as officiating Professor of Chemistry is for orders

13. From the Confidential reports of Mr. N. Venkatanarasimhachar, it appears that he is deaf, has not done any outstanding research work and is already about 52 years of age. He cannot perhaps be continued as a permanent professor in Chemistry.

He may perhaps be appointed to act temporarily as professor of Chemistry and continued as such till the vacancy ~~is advertised~~ is filled up by advertisement. Perhaps this is also the idea of the University and they may also be consulted if considered necessary.
